

DECIDE Round - Up June 2014

Project Aim	News
<p>To improve the dissemination of evidence based recommendations by building on the work of the GRADE Working Group to develop and evaluate methods that address the targeted dissemination of guidelines.</p>	<p>Also on our conference webpage are the programme of events, including workshop sessions, our speakers' presentations and all posters which were on display at the event.</p>
News	
<p>June 2-4 saw the DECIDE International Conference taking place at the Royal College of Physicians of Edinburgh, Scotland.</p> <p>270 delegates from 20 countries were in attendance so the conference truly was international and the mix of plenaries with question and answers and also 'hands on' workshop sessions provided lots of information and stimulated much discussion.</p> <p>We would like to acknowledge the contribution of all DECIDE project partners towards the organisation and content of our conference. Particular thanks are due to Robin Harbour and Lesley Forsyth (Healthcare Improvement Scotland, project partner 9) for leading on all aspects of the planning.</p> <p>A big 'thank you' to all who attended. For those who couldn't make it (or who did, but want to re-live the moment) videos of the plenaries from all three days are available on our website at:</p> <p>http://www.decide-collaboration.eu/decide-international-conference</p>	<p>If you have any questions or comments regarding any aspect of the conference and/or the DECIDE project please let us know. You can email either use the contact form on our website's homepage or email decide@dundee.ac.uk</p> <p>Shaun Treweek (University of Aberdeen, project partner 1), Sarah Rosenbaum, Gro Jamtvedt and Marianne Klemp (Norwegian Knowledge Centre for the Health Services, project partner 2) presented the DECIDE interactive Evidence to Decision framework at the HTAi 2014 conference in Washington DC on 16 June 2014.</p> <p>The Department of Epidemiology of Lazio Regional Health Service (project partner 11) are starting work with WHO (project partner 6), specifically the group within WHO responsible for the Essential Medicine List for user testing of the Evidence to Decision (EtD) framework.</p> <p>Work Package 2 (WP2, led by project partner 11) are working on the application of the Evidence to Decision (EtD) framework to decisions of disinvestment.</p>
