

1 Project Aim

To Improve the dissemination of evidence – based recommendations by building on the work of the GRADE Working Group to develop and evaluate methods that address the targeted dissemination of guidelines

Highlights

- WP3 are planning to run a focus group targeted specifically at young people.
- WP3 held 3 more patient focus groups in Finland.
- Successful workshops and discussions were held at the recent GIN conference.
- WP5 are close to completing their guidance package on how to use the HS EtR and EtD frameworks including written guidance an explanation of terms, a video and a PowerPoint presentation.
- WP6 has nearly completed work on the infrastructure for the new version of GRADEpro

Dissemination

- Our International Conference will take place 2nd – 4th June 2014 at the Royal College of Physicians in Edinburgh.
- WP4 has submitted a poster about applying the GRADE approach through evaluating evidence to Diagnostic Test Accuracy Reviews to the Cochrane Colloquium in Auckland, 2012.
- WP2 has submitted a poster: “The DECIDE Project: Policy Makers and Managers focused strategies to go from Evidence to Coverage Decision”, also to the Cochrane Colloquium in Auckland

Collaboration

- WP6 participated in a meeting with the German Robert Koch Institute and members of ECDC. This group would like to collaborate on DECIDE GRADE EtR Framework.
- WP5 used the HS EtR framework at an EtR workshop at the [SURE](#) (Supporting the Use of Research Evidence) international forum in Addis Ababa in August. SURE is an FP7 funded project which Dr Andy Oxman currently coordinates.
